OUR CONCEPT

Our hotels and resorts are synonymous with:

- Elegant properties located in extraordinary sites, unique in their natural beauty.
- Excellent hospitality, friendliness and sophistication.
- Discreet service designed to anticipate the needs and desires of our guests.
- Properties sensitive to their surroundings, using designs in wood, stone, and marble to blend smoothly with the local environment.
- Accommodation largely in suites and private villas, boasting the latest amenities and technology.
- Restaurants espouse the 'Culinary Spirit' of the Constance group by using locally sourced produce where possible.
- The Uspa at each resort aims to pamper and rejuvenate. The Spa treatment are centered around YOU, your objectives, your preferences and designed to bring you back into a state of happiness in YOUR body and mind.
- Constance Kids' Clubs provide our younger guests with customised play spaces and activities, all supervised by our trained staff.

OUR HISTORY & PHILOSOPHY

Our company was founded in the 1920's as a player in the sugar cane industry. From there we diversified into energy, property, banking, and since 1975, tourism.

Our group aims is to create a unique portfolio of luxury hotels. Far from the concept of a 'hotel chain', we prefer to use the special attributes that each site has to offer – both in terms of their natural beauty and history.

We have a strong regional heritage that is derived from our being a 'local' group, based in the Indian Ocean island. Our part of the world has a natural tradition of warm hospitality, and we like to welcome guests to our hotels as VIP's. We strive to provide exemplary customer care, both with international staff, and by recruiting people local to each hotel.

JEAN-MARC EYNAUD - ARCHITECT

This Mauritian architect is at the centre of the group's creative process and is surrounded by a team of American and Australian experts. He is the creator of Constance Le Prince Maurice, Constance Lémuria, Constance Belle Mare Plage, and Constance Ephelia.

COLIN OKASHIMO - MANAGER OF SPACES AND LANDSCAPER

Along with the architecture of the buildings, the layout and design of the gardens is an important component of our resort identities. Colin Okashimo is a master of the art of landscape gardening, taking the 'raw beauty' of nature as the root from which to create his balanced and relaxing garden-scapes.

MARTIN BRANNER & EMMA MATIAS - INTERIOR DECORATORS

This dynamic team use detail and decoration to create a unified decorative feel – streamlined but not minimalist.

MARC HERTRICH & NICOLAS ADNET

Designers of the Jewel Island, Constance Moofushi Maldives. Here ultimate luxury meets generous amounts of space to allow for large villas that contain an exquisite balance of wood and stone décor, including wooden furniture, bamboo bed heads, and baths in rough stone.

THE LEGEND - CONSTANCE BELLE MARE PLAGE MAURITIUS

This par 72, 6018m course put Mauritius on the map as a golf destination when it opened in 1994. Designed by South African champion Hugh Baiocchi, it spreads over 70 hectares of a former deer reserve, where deer still roam. Hotel guests are exempt from green fees, as they are complimentary to anyone staying at the resort. The Legend's signature hole is the 17th, which lies 152m above the tranquil waters of the lagoon. The clubhouse by the 18th hole has a superb bar and renowned restaurant.

THE LINKS - CONSTANCE BELLE MARE PLAGE MAURITIUS

The second 18-hole golf course at the resort opened in 2002. It differs greatly from the Legend owing to the fact that it is designed as a links concept, with wide rolling fairways. It's a par 71, 5,556m course and the 18th is its signature hole. The clubhouse has a bar and a beautiful practice fairway. Like its sister course, the Links has a Golf Academy that offers coaching on the course by qualified instructors. The course was designed by Peter Allis and Rodney Wright.

THE LÉMURIA - CONSTANCE LÉMURIA SEYCHELLES

This heavenly golf course is a par 70 that covers 5,556m. The first 9 holes are on flat land amidst a coconut-palm grove, while the other 9 are on hilly slopes with spectacular views of the Indian Ocean. The clubhouse has a bar and restaurant, lessons and coaching are provided by the resident pro, and the course was designed by Marc-Antoine Farry and Rodney Wright.

YOUR WELLNESS GUIDE

Constance Hotels and Resorts has relaunched its spa concept under the new 'U Spa' brand. It brings our six Indian Ocean spas together with one philosophy and treatment menu, which includes an updated range of treatments and products.

A holiday is the ideal opportunity to look after and pamper yourself, and using natural products inspired by the plants and fruits of the Indian Ocean – like ylang-ylang, vanilla, frangipane and sweet orange - U Spa will bring you back to a state of happiness in body and mind.

To reach this state of balance, each guest receives a Spa Experience Card, so that our staff can keep a note of your goals and preferences, and customise your spa treatments accordingly.

Our philosophy is holistic, looking at the whole person in order to better achieve a relaxed state. We offer a Signature U experience massage, Facial and Body Treatment, and also massages with a specific goal in mind – to relax, rejuvenate, detox, or recover after playing sport. Plus there are international favourite treatments, such as Balinese, Ayurvedic, Thai-Shiatsu, or Swedish massage, treatments for the hands and feet, and a special Kids Spa menu for children from six to 16 years old.

We also offer an array of specialist treatments. The Shiseido collection is available at Constance Belle Mare Plage in Mauritius, and Constance Lémuria and Constance Ephelia in the Seychelles; Valmont from Switzerland is at Constance Halaveli in the Maldives; and Brice Nicham is exclusively available at Constance Le Prince Maurice in Mauritius.
